

Summer Math Program for Rising 3rd-5th Graders!

DreamBox Learning Math is an online K-8 math program designed to meet students where they are and strengthen fundamental math skills.

Your child has been introduced to DreamBox at school. He or she has been taught how to login and navigate the student dashboard. This exciting program is a great tool for your child to practice and sharpen his/her math skills this summer. It can be accessed through the app on an iPad/tablet device or the web-based version on a desktop/laptop computer.

To access DreamBox from an iPad or Tablet, follow these steps:

- The app is free in the app store (Bright School has paid for your child's summer account). You should download both DreamBox apps, one is green and the other is blue. When downloaded, your child should click on the green app icon to login.
- On your first login from your device (tablet or computer), you will be asked if you are a school or parent. Click on school and enter our SCHOOL CODE: **fsm3/brights** You will not have to enter this code every time, just the first time when a new device is used.
- Enter your username and password, then click PLAY!

To access DreamBox from a Desktop/Laptop, follow these steps:

- Go to <https://play.dreambox.com/login/fsm3/brights> and click on the green login button in the top right corner of the screen.
- Choose the Student Login option on the left side of the screen.
- Enter your username and password, then click PLAY!
